Fit & style

- Waterproof Better Leather from a tannery rated silver by the Leather Working Group for its water, energy, and waste management practices, and ReBOTL™ fabric containing at least 50% recycled plastic reduces waste in landfills
- TimberDry™ membrane made of 50% recycled plastic bottles is waterproof and has a lighter footprint on the planet
- Midsole of compression-molded EVA-blend foam for high-rebound cushioning
- Fully gusseted tongue prevents small debris from entering the shoe
- Lace-up style for the perfect fit every time

About this item

^ Description

Built to take on nature and respect it, too, the Lincoln Peak men's mid hikers are fully waterproofed with exclusive Timberland TimberDry™ membrane made of 50% recycled plastic bottles and a fully gusseted tongue. A rubber lug outsole helps give you the traction you need, while the climbing rubber toe and heel piece offer extra protection on the trail. This style also sports a mixed-media upper crafted from eco-conscious leather and fabric.
